

HOLIDAY 3D CHATBOT

14/01/2022

GUIDE

1. Your goal is to **create a 3D-animated chatbot to provide information on your favourite holiday destinations** using 3STORY.

- You need to think of 3 holiday destinations you like
- Find a few facts and an image about each country

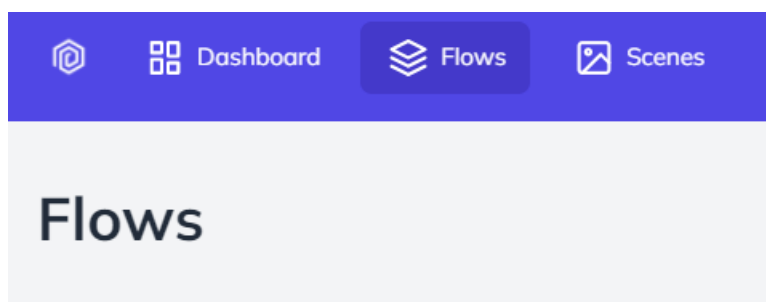

Ready to go?

Sign into 3STORY here:

<https://dashboard.3story.app>

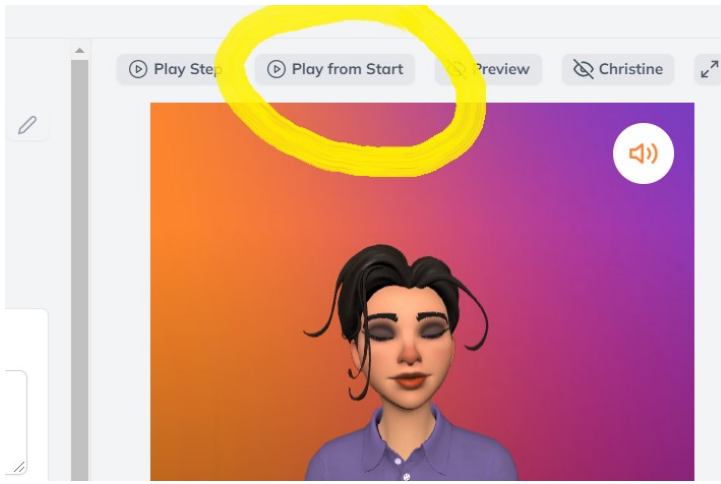

User: 1@to.co
Password: Homeed12

2. Click on the **Flows** tab

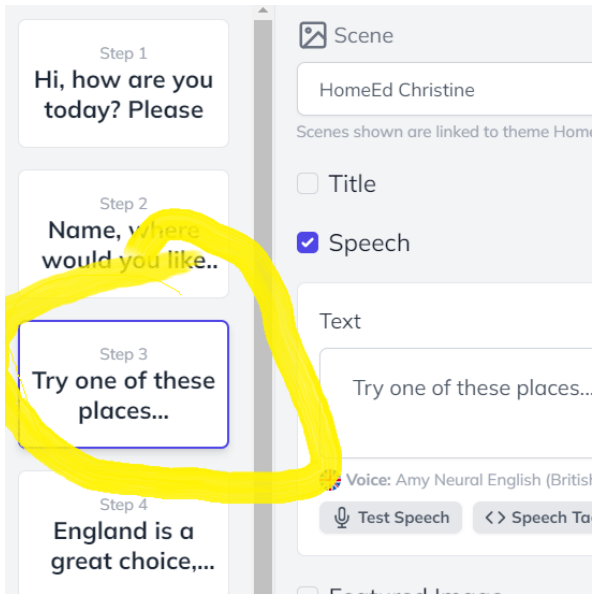

3. Click on your named Holiday Chatbot in the list of flows

4. Click the “Play from Start” button on the preview to run your chatbot!

5. Go back to the 3STORY Flow Edit page and click on Step 3

6. Under the Action Buttons find the different countries listed
Click Edit and see where to change the country name and the step the button goes to.

Click **Done**

The image shows a configuration panel for an action button. The 'Label' field is set to 'England'. Under 'Click Actions', the 'Go to Step' option is selected with 'Step 4' chosen from the dropdown menu. There are also options for 'On Condition', 'Set Custom Field Name/Value', and 'Don't include in conversation history'. A 'Done' button is located at the bottom right of the panel.

7. Click on Step 4 and try changing any of these:

Scene

Speech box

Image – you can search for a new image

Body

Then click **Save** and **Play from Start** to test your chat bot

8. **Your task is to edit Steps 3,4,5 and 6 to make them show the information on your 3 chosen countries.**

9. When complete, click on Settings and hit the Publish button

10. Create a new web page “chatbot.html”

11. Remove everything from inside the <body></body> tag except for <h1>My Holiday Chatbot</h1> heading

12. Under the <h1></h1> tag add

```
<iframe src="MYURLHERE" title="Holiday Chatbot"></iframe>
```

13. Go back to the **Settings** page and click “Copy URL” next to the “Play Live” link. Paste the URL replacing MYURLHERE in your chatbot.html file. Save the file.

14. Open your index.html and add a link to your chatbot.html page
 My Holiday Chatbot
 Save the file. Test your page!
